

GCSE Press Release - Thursday 21st August 2025

The staff were excitedly waiting for our Year 11 students to arrive this morning knowing just how well they had done in their GCSEs. We are delighted to announce that Chessington School's Year 11 students have achieved another cracking set of GCSE results.

Chessington's results have risen again, a huge achievement against a national backdrop of another decline in pass grades. This is truly a mark of the great work of the teachers and families, but most importantly our students over these past years. Well done class of 2025!

Our students have worked exceptionally hard, both inside and outside of the classroom and this hard work has certainly paid off. We are excited to welcome many of them back to our Sixth Form and know that the others are set to flourish at their chosen destination. We wish them the very best in their next steps.

A number of individual performances have been simply brilliant- with students such as Macey Lancaster, Noah Pool, Kristen Sinbaldi-Rowe and Daniel Seify consistently achieving the highest grades in all of their subjects. This is fantastic and well deserved.

As a school we strive to provide the very best rounded education to our students. Many of our subjects reached pass rates above National Averages. The wide variety of courses that we offer enable **all** of our students to follow their dreams and reach their potential.

The progress from all of our students of all backgrounds demonstrates that we are a truly inclusive school that embraces our 'Every Child Every Day' ethos successfully. So, very

well done Year 11. You truly deserve the success you have worked so hard for. We look forward to witnessing your successes over the years. Here is to another excellent year ahead at Chessington.

Ms S Wilson
Headteacher

Quotes - GCSE Press Release

“It is so wonderful to see so many subject and individual successes this year. The students have again surpassed expectations and will go on to do many wonderful things. As a year group starting secondary school during a pandemic they have grasped every opportunity and not let themselves be held back. It has been a privilege to be part of their journey.”

Mrs Cooper Deputy Head

“Chessington students never fail to impress me with their determination and resilience to achieve their best. Yet again we have a great set of results and I wish all of the students the very best in their future choices - I am sure that they will succeed in whatever they do.”

Karen Carman - Chair of Governors
